Re: Amended Notice of Intention to Commence Small Mining Activities, Bud #1 Project, S/027/017, Millard County, Utah

Dear Mr. Rowley:

On January 31, 1994, this Division received a Notice of Intention from Steve Hodges and Steven Gale, for the Bud #1 project. The proposed project is located on BLM managed land in the SW/4 of the NE/4 of Section 14, T24S, R9W, SLBM, Millard County, Utah. Your agency's designated mineral lease number is UTU-070565.

As this project is immediately adjacent to Steven Hodges Flint 1-8, Fraction and Cruz 4 project, we will amend that notice to include the Bud #1 project, due to the Division's neighboring site policy. However, this amended notice cannot be accepted at this time due to the operator's failure to file required annual reports for the years 1991, 1992, and 1993. These reports are required to be filed with the Division on or before January 31 of each year, unless waived in writing by the Division. Another annual report form (MR-AR), will be sent to Mr. Hodges along with a copy of this letter. Filing of these annual reports is required under Rule R647-3-116. The operator's failure to file the reports in a timely manner may result in a finding of noncompliance. We will suspend our review and acceptance of this amended notice until we receive the requested information.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files.
